

Scientific Curriculum Vitae

Prof. Dr. Hans-Joachim Pflüger

Work Address

Freie Universität Berlin; FB Biologie, Chemie, Pharmazie; Institut für Biologie, Neurobiologie; Königin-Luise-Strasse 1-3, DE-14195 Berlin, Germany, Phone: +49-30-83854676 , E-mail: pflueger@neurobiologie.fu-berlin.de; home page: <http://www.neurobiologie.fu-berlin.de>

Birthdate and Birthplace

07 March 1949 in Ulm/Donau, Germany

Education

1985

* Habilitation at University of Konstanz, Habilitation thesis: *Sensory-motor interactions in locusts: The study of a mechanoreceptive information pathway* (in German), Habilitation lectures: (i) *Path-finding of invertebrate neurones during development*, and (ii) *Development of vocalization in birds*.

12-11-1976

* Doctorate examination (Dr.rer.nat.) passed with *magna cum laude* , Title of thesis: *On the control of rocking and walking movements in the Phasmids Carausius morosus Br. and Extatosoma tiaratum* (W.S. MacLeay) (in German), supervisor: Prof. Ulrich Bässler

1974 - 1976

* University of Kaiserslautern, postgraduate student

Mar 1974

* state examination (Staatsexamen) in Biology, University of Stuttgart

Jan 1973

* state examination (Staatsexamen) in Chemistry, University of Stuttgart

1972 - 1974

* University of Kaiserslautern (Biology, Zoology), stipend as *Aufbaustudent* (advanced student at the newly founded Univ. of Kaiserslautern to establish structures of *student self-governance*)

1968 - 1972

* University of Stuttgart (Chemistry and Biology)

1960 - 1968

* Kepler Gymnasium Ulm/Donau (Abitur, 12-06-1968)

Appointments

Present Position

Since April 2017

* retired

Previous Positions

April 1987 to March 2017

* Professor of Neurobiology and Functional Neuroanatomy, Freie Universität Berlin

1980 - 1987

* Assistant professor (Wissenschaftlicher Assistent), and as of Oct 1982 temporary lectureship (Hochschulassistent), University of Konstanz, group of Prof. Werner Rathmayer (Neurobiology)

1977-1980

* Assistant professor (Wissenschaftlicher Assistent), University of Bielefeld, group of Prof. Peter Görner (Neurophysiology)

Other Positions

1976 - 1977

* Postdoc in the laboratory of Prof. Malcolm Burrows, Dept. of Zoology, University of Cambridge, Cambridge, England, supported by DFG (Deutsche Forschungsgemeinschaft, Bonn; German Research Foundation)

1975 - 1976

* part-time Biology-teacher (4 hrs a week), Aufbaugymnasium Kaiserslautern

Honourable appointment

Current

since 2012

* Head of International scientific board of “*Associazione Cephalopod Research 'CephRes' ONLUS - Non-Profit association for the advancement of research on cephalopods*”, Naples, Italy

Previous

May 2017

* Distinguished Visiting Scientist of the Faculty of Natural Sciences of the Ben Gurion University of the Negev, Beer Sheva, Israel (host: Prof. Fred Libersat)

October 2015 to September 2016

* Ernst-Bresslau guest professor to the Dept. of Zoology at University of Cologne (Universität zu Köln)

2007 to 2017

* Associated member (2007 – 2010) and member (since July 2010) of Berlin “Bernstein Center on Computational Neurosciences (BCCN)”

2000 to 2017

* Member of the faculty of the “International graduate program Medical Neurosciences”, Charité, Berlin

1991 to 2017

* Adjunct Professor, ARL Division of Neurobiology, University of Arizona, Tucson, USA

Extramural Service

Current

since 2017

* Treasurer of IBRO (*International Brain Research Organisation*), Paris, France

since 2013

* member of the selection committee for DAAD project grants with USA and Canada (2013 to 2017)

since 2010

* Mentor (*Vertrauensdozent*) of Scholarship Foundation of Germany (Studienstiftung des deutschen Volkes) (renewed 2018 until 2022)

Previous

2015 to 2017

* President of German Neuroscience Society

* Chairman of PERC-IBRO (Pan-European Regional Council of International Brain Research Organisation)

2013-2017

* head of committee of German Zoological Society (Deutsche Zoologische Gesellschaft) for its Karl-von-Frisch-Prize

* Member of management committee of COST action FA1301 “CephInAction – A network for improvement of Cephalopod welfare and husbandry in research, aquaculture and fisheries.” (*European Networking Program*)

2013-2015

* elected vice-president (“*president-elect*”) of Neurowissenschaftliche Gesellschaft (German Neuroscience Society, 2013 to 2015)

2009 to 2017

* elected member of IBRO WERC (International Brain Research Organisation, West European Research

Council) and since 2013 PERC (Pan-European Research Council).

2011 - 2013

* treasurer of FENS (Federation of European Neuroscience Societies) (from 2009 to 2011 “*treasurer-elect*”)

2007 - 2012

* councillor of International Society for Invertebrate Neurobiology (ISIN)

2003 - 2012

* reviewer for the nation-wide competition „Jugend forscht“ (*Bundeswettbewerb*) and head of the Biology panel

2007 - 2012

* councillor of International Society for Neuroethology (ISN)

2008 - 2012

* elected as a member of the DFG-Neuroscience review panel (Comparative Neurobiology, *Fachkollegiat*)

2008

* appointed external reviewer for Biology departments of University of Lund, Sweden,

2003 to 2006

* member of FENS school committee, then PENS (Program committee of European Neuroscience Schools)

2002 to 2005

* elected reviewer for DAAD (North America section)

2000 – 2003

* elected to review panel of the DFG (Zoology, *Fachgutachter*)

2003

* review panel for CNRS “Neurobiologie des Réseaux neuronales” Bordeaux, France

1999 - 2003

* president of International Society for Invertebrate Neurobiology (Tihany, Hungary)

1992 - 2003

* treasurer of Neurowissenschaftliche Gesellschaft e.V. (German Society for Neuroscience)

1991 - 1993

* member of the advisory board for the annual Göttingen Neurobiology Conference

1992

* review panel for ATSAF, Bonn, and gtz, Eschborn (German Aid)

1993

* review panel of SERC (UK) for *Initiative in Invertebrate Neurosciences*

1995

* organising Committee of the First Congress of the German Society for Neuroscience

1996 to 1999

* review panel of the DFG (Zoology, *Ersatzgutachter*)

Intramural Service

2014-2017

* Head of Institute of Biology

2013-2017

* elected member of committee for Elsa-Neumann-Stipends, NaFoeG, of the State (*Land*) of Berlin

2013 - 2015

Dean (*Dekan*) of the Faculty Biology, Chemistry, Pharmacology of Freie Universität, (1-11-2013 to 31-3-2015)

2012 – 2015

* elected as Acting Head of Department (*Geschäftsführender Direktor*), Institute of Biology, Freie Universität

2012 to 2014

* elected member of “Entwicklungs- und Planungskommission” (committee on planning of future development) of Freie Universität

2006 - 2009

* vice dean for educational affairs (Studiendekan) of Dept. Biology, Chemistry, Pharmacy

2000 to 2014

* member of the research committee (Forschungskommission) of Freie Universität

2000 - 2004

* member of the Senat (Akademischer Senat), Freie Universität Berlin

1999 - 2003

* Prodekan (Vicedean of the Department of Biology, Chemistry, Pharmacy; Freie Universität Berlin, and Head of the Institute of Biology

1998 to 2010

* Erasmus organiser of the Institute of Biology (European teaching exchange programmes)

1993 - 1995

* Dekan (head of department) of the Dept. of Biology, Freie Universität, Berlin

1991 - 1993

* Prodekan (Vicedean) of the Department of Biology, Freie Universität, Berlin

1988 - 1989

* Head of the Institute of Animal Physiology, Freie Universität, Berlin

1985 - 1987

* member of the research and grant committee of the University of Konstanz

1980 - 1982

* member of the Faculty Advisory Group, University of Konstanz

Research grants

2019 to 2021

* DFG project (Pf128/35-1), on "The release mechanisms on aminergic type II-terminals in the fruitfly, *Drosophila melanogaster*. (Co-PI Stephan Sigrist, Freie Universitaet).

2012 to 2017

* DFG project (Pf128/32-1), joint German-Israelian-project (with Prof. Fred Libersat, Ben Gurion University of the Negev, Beer-Sheva, Israel

2010 to 2015

* PI and spokesman of DFG research unit "Biogenic amines in insects: coordination of physiological processes and behavior" (FOR 1363)

* member of the "Berlin Bernstein Center of Computational Neurosciences" (BCCN), project together with Prof. M. Nawrot (BMBF, Bundesministerium für Bildung und Forschung)

2009 to 2015

* Research grant DFG (Pf 128/28-1), „Neuromodulatory neurones and suboesophageal ganglion“ (joint project with Prof. Peter Bräunig, RWTH Aachen)

2009 to 2011

* DAAD Project grant for collaboration with Prof. Carsten Duch, Arizona State University, Tempe, AZ, USA

April 2003 to April 2009

* Member of graduate college: *Functional Insect Science* (GRK 837)

November 2003 to March 2004

* DFG-travel grant for sabbatical in Christchurch/New Zealand (University of Canterbury, Christchurch, New Zealand, Prof. Laurence H. Field) and Tucson (University of Arizona, Tucson, USA, Prof. Richard B. Levine)

1999 – 2002

* DFG-grant Pf 128/15-1 „Quantification of developmental dynamics“, jointly with Prof. Klaus Obermayer, Dept. of Informatics, Technical University, Berlin

2001

* Invitation to Israel, Ben Gurion University, Beer-Sheva, Israel (DFG-NCRD Agreement), Prof. Fred Libersat

1998 - 2001

* DFG-grant Pf 128/13-1 „Locomotion“

1998-2000

* DAAD/NSF: Joint project with Prof. R.B. Levine (Tucson/USA)

Jan 1996 to Dec 2001

* Member of SFB 515, DFG (Sonderforschungsbereich/ Collaborative research programme: *Mechanisms of developmental and experience dependent plasticity in the nervous system*)

1995 - 2004

* Member of the graduate college: *Signalketten in lebenden Systemen (signaling cascades in living systems)*
Freie Universität, Berlin

1995

* Sabbatical, University of Arizona, Tucson (Dr. R.B. Levine, 3 months), and travel grant to Department of Zoology, University of Canterbury, Christchurch, New Zealand (Dr. L.H. Field, 3,5 months), funded by DFG

1994

* Travel grant to Mauretania, funded by gtz (Gesellschaft für Technische Zusammenarbeit, German Aid, Eschborn)

1993-1995

* NATO travel grant with Dr. R.B. Levine, Tucson

1991

* Sabbatical at the University of Arizona, ARL Division of Neurobiology, Tucson, AZ, USA (Dr. R.B. Levine), supported by a DFG travel grant

1990 - 1992

* Awarded a grant in the Human Frontier Science Program (HFSP) together with Drs. Burrows (Univ. of Cambridge, GB), Laurent (Caltech, Pasadena, USA) and Hisada (Univ. of Hokkaido, Sapporo, JPN).

1989 - 1995

* Speaker and Member of a special research group on "*Learning, Memory and Neuromodulation in Arthropods*", funded by DFG (DFG-Forschergruppe, research unit)

1987 - 1990

* European Laboratory Twinning Grant by EEC, together with Prof. M. Burrows

1987 - 1989

* Member of research programme: "*Dynamics and stabilization of neuronal structure*", funded by DFG

1986

* Research collaboration with Prof. M. Burrows, Dept. of Zoology, Univ. of Cambridge, England, funded by DFG

1985 - 1987

* Research project on interneurons funded by a DFG grant

1984 - 1987

* European Laboratory Twinning Grant by EEC (European Community, Brussels) together with Prof. M. Burrows

1983

* Research collaboration with Drs. M. Burrows, R. Elson and A. Watson, Dept. of Zoology, University of Cambridge, England, funded by DFG

1981

* Research collaboration with Prof. Burrows, Dept. of Zoology, University of Cambridge, England, funded by DFG

1978 - 1985

* Member of the collaborative research programme (Schwerpunktprogramm): "*Neural mechanisms of behaviour*", funded by DFG

Scientific Organisation, active participation in symposia**2018**

* Workshop on Insect Nervous Systems during FENS Forum, 11 July 2018

2017

* Symposium on Invertebrate Neurobiology during FENS Regional Meeting, Pecs, Hungary, 20- 23 September 2017

* Organisation of summer academy (Studienstiftung des Deutschen Volkes, *German National Academic Foundation*) on "*Evolution of Movement and Motor Control*" in Greifswald (jointly organized with Prof. A. Büschges, Univ. Köln), 20 August to 2 September

* Symposium on "Evolution and Functional Morphology" during ICIM4 (4th Congress on Invertebrate Morphology), Moscow, Russia, 18-23 August 2017

* Symposium on Insect Neurobiology during 4th Congress of Mediterranean Society of Neuroscience, Malta, 6 to 11 June 2017

* 25-27 March, Chairman of 12th Neurobiology Meeting of German Neuroscience Society

2015

* Faculty at 1st Andean School of Neuroethology, May 2015, Puerto Maldonado and Lima, Peru

2014

* Organisation of summer academy (Studienstiftung des Deutschen Volkes, *German National Academic Foundation*) on “*Evolution of Nervous Systems*” in St. Johann, Italy (jointly organized with Prof. A. Büschges, Univ. Köln), 24 August to 6 September

* speaker in “Advanced Course in Computational Neuroscience”, Frankfurt Institute for Advanced Studies (FIAS), August 2014

* lecturer in a 3-day special course on “Neuromodulation of Behaviour” at Université Paul Sabatier Toulouse, France (Dept. of Animal Cognition, Prof. Martin Giurfa)

2013

* Organisation of Symposium “*Neural reinforcing and modulating systems in insects*“, Freie Universität Berlin, 1-3 November 2013

* Organisation of a workshop on “Electrophysiology” together with Prof. Ansgar Büschges, Köln, Stazione Zoologica Anton Dohrn, Naples, Italy, 22 – 26 September 2013

2012

* Chair of the program committee of the 10th International Congress of Neuroethology in College Park, Maryland, USA, August 5 to 10, 2012

* Organisation of a Conference on „*Biogenic Amines: coordinators of physiological processes and behaviour*“, July 6 to 10, 2012 in Berlin

* Co-Organisation (together with Dr. N.M. Biserova) of a School on “*Functional Neuroanatomy and Neurobiology of Invertebrate Animals*”, 23 August to 10 September 2012, White Sea Station of Moscow State University, Poselok Primorskiy, Karelia, Russia

2011

* Invited faculty of the IBRO-Kemali school on “*Invertebrate Neurobiology*” in Naples, July 2011

2008

* Scientific organiser of the PENS-Hertie-Winter School, Obergurgl, Austria, 6 to 13 January 2008, (together with Randolph Menzel) “*The design of neuronal networks: Contributions from Invertebrates*”

* Janelia Farm Conference, May 2008 on “Arthropod brain centers”

2007

* Symposium at German Neuroscience Society meeting Göttingen on “*Generating rhythmic movement: from microcircuits to complex motor programs*” (together with Prof. Ansgar Büschges, Köln)

* Janelia Farm Conference, USA, 13 to 17 March 2007 (*Insect Behavior: Small brains, big gains*)

2006

* Organisation of “*Arthropodenseminar – BUGS 2006*” on Schwandlpe/Oberstaufer/Germany (20 to 24 September 2006)

* 8th Regional Conference of the International Society for Invertebrate Neurobiology, Kazan, Russia (12 to 18 September 2006)

2004

* Symposium on “*Orchestration of Behaviour*” at International Congress of Neuroethology, Nyborg, Denmark, 08 to 13 August 2004 (together with Prof. Fred Libersat, Beer-Sheva, Israel).

2003

* Organisation of a symposium during the Göttingen Neurobiology Conference together with Dr. Carsten Duch, “*Arthropod neural and motor systems: from development to function and mechanics*”

* Member of Program Advisory Committee for Dahlem Conference on „*Microcircuits: The Interface between neurons and global brain function*” (chair: Prof. Sten Grillner).

* Co-organiser of Tihany Conference on “*Invertebrate Neurobiology*”, 05-09 July 2003

2002

* Co-organiser and faculty for European Nerve Net School (ENNS), University of Bordeaux, France, July 2002

2001

* Organiser of Central European Conference of Neurobiology, 12 to 15 August 2001, Krakow, Poland, (together with Dr. Elzbieta Pyza, Krakow)

2000

- * Speaker in Symposium 40, “*Ontogeny and maturation of rhythmic networks*”, FENS, 24 to 28 June, Brighton, UK
- * Co-Organiser and faculty for European Nerve Net School (ENNS), University of Bordeaux, France, July 2000
- * Co-Organiser, 6th East European Conference of the International Society for Invertebrate Neurobiology, Moscow and Pushino, Russia, 21 to 26 September
- * Organiser of symposium, „*Neuromodulators, hormones and the control of behaviour*“, SFB 515, 24 to 25 November 2000, Berlin

1998

- * Organisation of Symposium: Processing of sensory information. Forum of European Neuroscience, 27 June to 01 July, Berlin
- * Chairman of the 5th International Congress of Neuroethology, Congress Committee, San Diego, August 1998, and organisation of Symposium “*Neuroethology of species specific behavior*”, together with Prof. John Hildebrand, Tucson

1997

- * Organisation of a practical course: “*The use of fluorescence microscopy in anatomy and physiology*”, for Neurowissenschaftliche Gesellschaft (together with Dr. Helmut Kettenmann, MDC, Berlin)
- * Organisation of the symposium: “*Neural network and their ontogenetic changes*”, 25th Göttingen Neurobiology Conference.

1995

- * Organisation of “Kleinsthirnkonzferenz” (small brains), to mark the end of DFG-Forschergruppe (research unit) “*Lernen, Gedächtnis und Neuromodulation bei Arthropoden*” (*learning, memory and neuromodulation in arthropods*)

1994

- * Organisation of a practical course: “*New physiological methods*” of Neurowissenschaftliche Gesellschaft (together with Dr. H. Kettenmann, MDC, Berlin-Buch)

1992

- * Organisation of the symposium: “*Identified Neurons and Behaviour*”, 20th Göttingen Neurobiology Conference

1989

- * Member of the local organising committee for the 2nd International Congress of Neuroethology, Freie Universität Berlin, 10 -16 September 1996 (together with Profs. J. Erber, R. Menzel and D. Todt)

Guest researchers in my laboratory

- Roberta Aralla, University of Milano, Italy (bachelor-thesis)
 Dr. Natalia M. Biserova, RAS, Borok, Russia and Moscow State University (SFB 515, DFG project, DAAD)
 Prof. Peter Bräunig, Aachen (SFB 515)
 Prof. Malcolm Burrows, Cambridge, UK (Alexander von Humboldt Foundation Awardee, 1995)
 Marjan Cetkovic, Ben Gurion University of the Negev, Beer Sheva, Israel (DFG)
 Jadwiga Cholewa, Cracow, Poland (Erasmus)
 Giulia Di Cristina, Naples, Italy (DFG)
 Erica Ehrhardt, Bowdoin University Maine, USA
 Ana Fernández, Valencia, Spain (Erasmus)
 Prof. Laurence H. Field, Christchurch, New Zealand, (DAAD)
 Marieke Hoekstra, University of Groningen, Holland
 Dr. Eleni Kalogianni, Thessaloniki, Greece (DAAD)
 Daniel Knebel, Tel-Aviv, Israel (DAAD)
 Dr. Natalia L. Kononenko, Kaliningrad, Russia (DAAD, DFG and Alexander von Humboldt foundation)
 Paraskevi Kogionou, Athens (Greece) (Erasmus placement program)
 Maria-Grazia Lepore, Naples, Italy (Stipend from Regione Napoli, Italy)
 Prof. Richard B. Levine, Tucson, Arizona/USA (NATO, DAAD/NSF and Alexander von Humboldt Foundation Awardee, 2000)
 Daniela Mellino, Naples, Italy (DFG)
 Oliver Morris, Cambridge, UK

Dr. Swidbert Ott, London, UK (DAAD)
 Allen Rodriguez, UC Los Angeles, CA, USA
 Lior Rosenberg, Beer-Sheva, Israel (DAAD)
 Amit Sade, Tel Aviv, Israel (DAAD)
 Sarah Salomon, Köln (practical course)
 Dr. Paul A. Stevenson, Leipzig
 Danielle Thompson, University of Lausanne, Switzerland (Erasmus)
 Dr. Leena Thorat, Pune, India (2017)
 Oksana Tuchina, Kaliningrad, RUS and Bremen (Jacobs University)
 Dr. Varya Y. Vedenina, RAS, Moscow (SFB 515)
 Dr. Alan H. D. Watson, Cardiff, UK (SFB 515)
 Dr. Valery Zhukov, Kaliningrad State University, Kaliningrad, Russia (DAAD)

Journals (editor)

Editor of "Zoology", Elsevier
 Editor of Journal of Comparative Physiology A, Springer
 Member of the editorial and advisory board of NeuroForum, Springer

Teaching experience (in German and English language)

Lectures

- * Introduction to Zoology, Comparative Animal Physiology, Behaviour
- * Introduction to Neurobiology and Behaviour,
- * Neural mechanisms of behaviour; Supersenses-the sensory worlds of animals; How small brains work; Networks in Brains, Brain and behaviour; From Genes to Behaviour; Model systems in neurobiology; New concepts and techniques in the neurosciences; Sensory physiology; Neurobiology: from genes to molecules; From neurones and networks to behaviour.
- * Functional Neuroanatomy
- * Developmental biology: How the nervous system develops
- * Introduction to ornithology: Birds as model systems; Biology of Birds
- * Biology of Insects
- * History of Neuroanatomy: Physiology and Biology

*** Ethics of science and good scientific practice**

Excursions

- * Ecological and ornithological excursions (bird song and bird migration) and introductory courses to marine biology (destinations: Arcachon/France, Rybachy/Russia, and within Germany Wilhelmshaven, List auf Sylt, Fehmarn, Helgoland, Kloster/Hiddensee, Juist)

Practical courses

- * Practical courses for beginners and advanced students in neurobiology and behavioural physiology, electrophysiology and neuroanatomy including immunocytochemistry and confocal microscopy.
- * Special practical courses for advanced students in neurobiology
- * New methods in neuroanatomy, (Methodenkurse Neurowissenschaftliche Gesellschaft, 1994, 1997)
- * European Nerve Net School, University of Bordeaux, France (2000, 2001), special training course in neurobiology, member of faculty

Invited guest lecturer and faculty

- * Woods Hole, USA; Neural Systems and Behavior Course (2000, 2003) (**guest lecturer**)
- * The European Nerve Net School, Bordeaux (2000 and 2001) (**faculty**)
- * PENS-Hertie Winter School, Obergurgl, Austria (2008) (**faculty**)
- * Universities of Trondheim, Norway (2003 and 2008) (**guest lecturer**)
- * Cracow, Poland (2004 and 2008) (**guest lecturer**)

- * RAS, Russian Academy of Science, Borok, Russia (2004, 2006, 2008) (**guest lecturer**)
- * IBRO-Kemali School on Invertebrate Neurobiology" (2011) (**faculty**)
- * International school on "Functional Neuroanatomy and Neurobiology of Invertebrates", White Sea Biological Station of Moscow State University, Poselok Primorski, Karelia, Russia (August/September 2012; **faculty**)
- *Toulouse, France, Univ. Paul Sabbatier, Special course on Biogenic Amines and Behaviour for graduate students, May 2014
- * Puerto Maldonado/Lima (1st Andean School of Neuroetholog, May 2015, **faculty**)

Outreach

- * News from Brain Research (3-11-2015), talk about "Insects, small robots or already pretty flexible?" (in German)
- * Special lectures for advanced training of teachers (neuroscience, neurobiology)
- * Talks in various schools (Gymnasium)
- * Girls' Day of Freie Universität
- * "Lange Nacht der Wissenschaften" („long night of science“)
- * TV appearance: ARTE Xenius (Oct. 2012) and Archimedes, SAT1; also "Wissenschaftsmagazin" in ORF1,
- * also (2013) <http://dasgehirn.info/> (Film on Evolution of Nervous Systems, Ein Stammbaum der Nervensysteme, <http://dasgehirn.info/aktuell/hirnschau/ein-stammbaum-der-nervensysteme-1964>)
- * also (2013) Moscow State University, <http://www.bio.msu.ru/>

International Schools

- * 1st Andean School of Neuroethology, Puerto Maldonado and Lima, Peru, May 2015 (**faculty**)
- * International School on Neurobiology and Functional Neuroanatomy of Invertebrates, White Sea Biological Station of Moscow State University, Poselok Primorskiy, Karelia, Russia, 26 August -12 September 2012 (**faculty and co-organiser**, Natalia M. Biserova)
- * IBRO-Kemali School on Invertebrate Neurobiology (July 2011) (**faculty**)
- * PENS-Hertie Winter School Obergurgl, The design of neuronal networks: Contributions from Invertebrates. 6 to 13 January 2008 (**faculty and Co-organiser**, Randolph Menzel)

Examiner

- * Thèse d'état University of Bordeaux I and University of Bordeaux II (France), and University of the Mediterranean, Marseilles (France)
- * PhD examiner University of Bordeaux I (France)
- * PhD examiner University of Calabria, Arcavacata di Rende (Italy)
