- Participate in method modules’ seminars
- check the course catalogue for interesting online courses
- Use the first weeks to visit courses and see if you like them
if you take the first exam of Advanced Biochemistry Part 1 or 2 you can improve your grade by taking it again. But only if you take the very first exam offered as a first trial!
Places in method courses will usually be raffled in the *Tombola in Hahn-Meitner Bau, Lise-Meitner-HS.*

*The Tombola won’t take place in the summersemester 2020. You will be able to register for the seminars via Campus Management. We will show you how this is done during the Orientation-Videoconference.*

...as 1st semester master students you will have priority to chose first

→ Check the catalogue and decide on your priorities
→ Check if your choice is compatible with the timetable and the distribution of structural biochemistry, molecular biology and molecular biomedicine (Form!)

...some biology classes have limited seats and will also be open for application during the tombola (not this semester)

→ Check the course catalogue for biology master classes which might be interesting for you

Fachschaftsinitiative Biochemie

Wer wir sind

Die Fachschaftsinitiative ist eine bunt zusammengewürfelte Gruppe aus Biochemiestudierenden der unterschiedlichsten Semester, die etwas bewegen wollen.

In gemütlicher Runde übernehmen wir die Planung verschiedener Veranstaltungen und beschäftigen uns mit den unterschiedlichsten Problemen, die das Studium so mit sich bringt. Wir sind eure Ansprechpartner für Fragen rund ums Studium. Ob ihr nun gerade erst anfangt oder bereits erfahren im Studium seid: bei Fragen stehen wir euch mit Rat und Tat zur Seite. Wir freuen uns immer über neue FSI-Mitglieder, also kommt doch zum nächsten Treffen einfach mal vorbei! Wann und wo erfahrt ihr immer aktuell hier, auf unserer Seite. Wir freuen uns auf Euch!
