

AG Haut / Haut Group

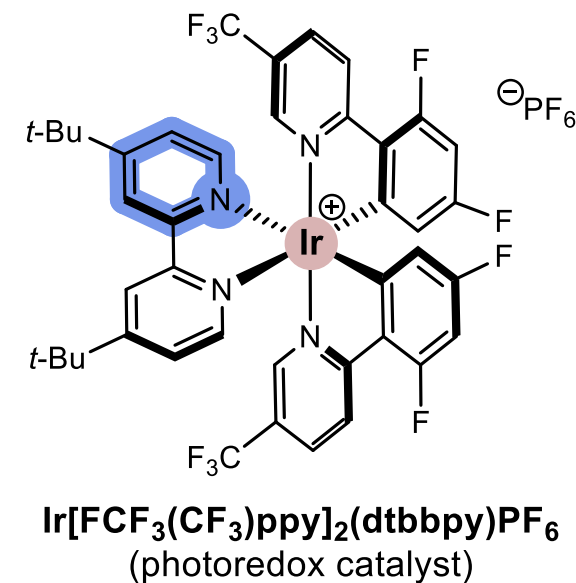

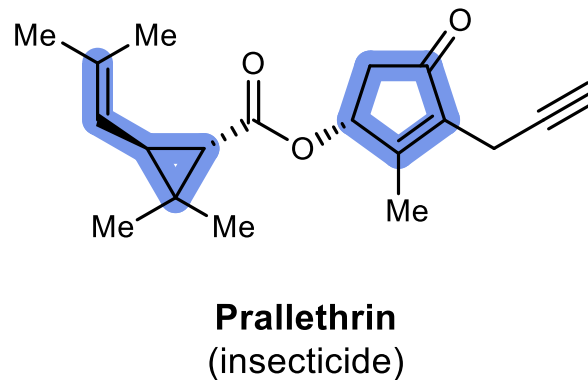

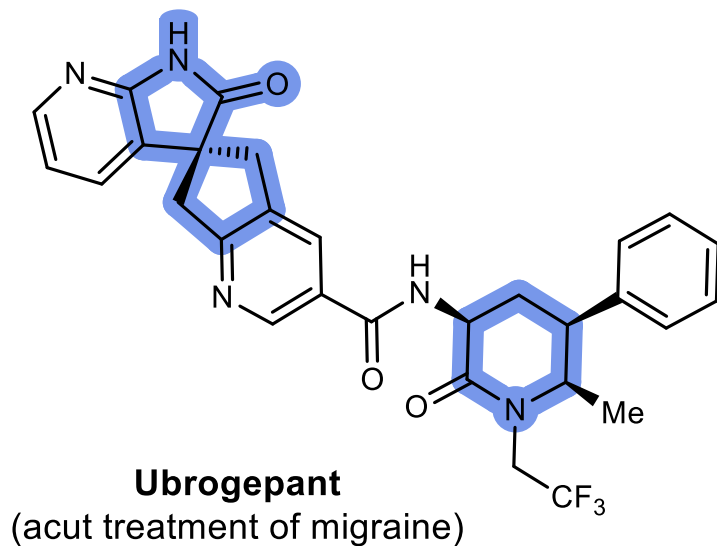

Organic Synthesis & Photocatalysis

November 14th 2025, *Research & Drinks*

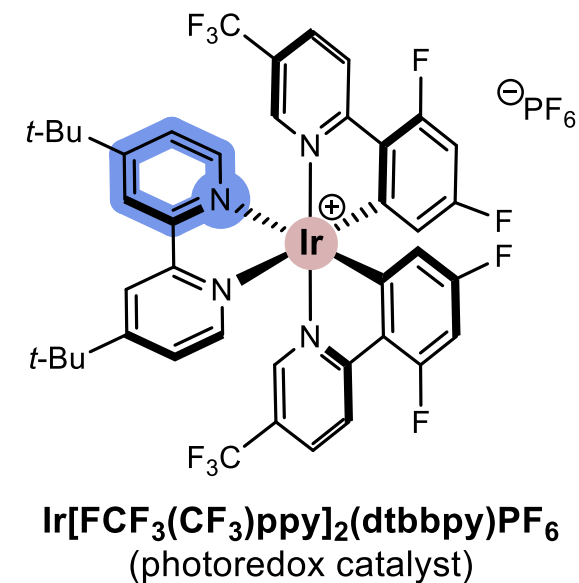

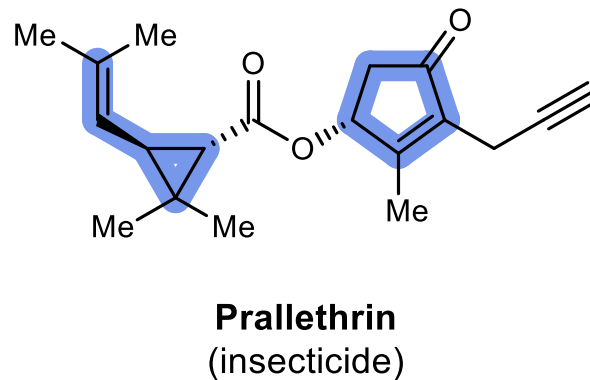

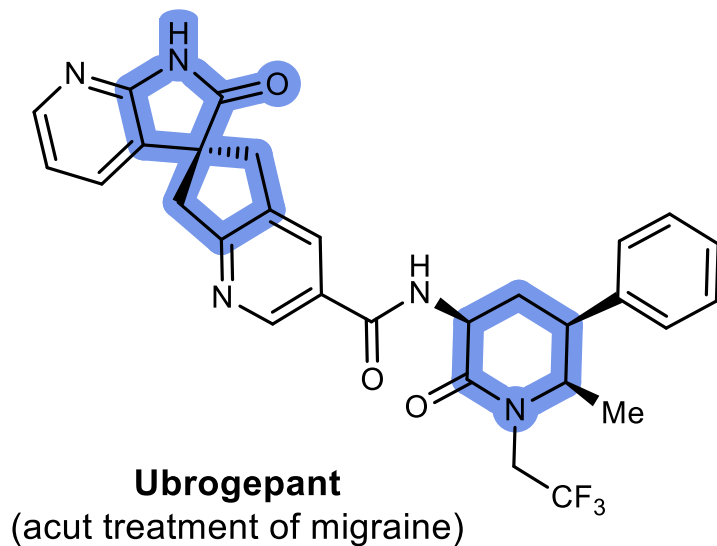

But imagine ...

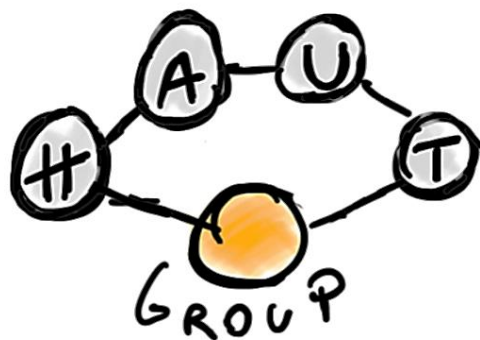

But imagine ...

... you could create all of these structural motifs from a single precursor?

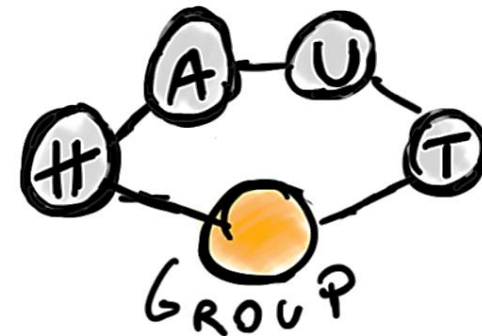

But imagine ...

... you could create all of these structural motifs from a single precursor?

We are molecular architects who want to simplify organic synthesis using new, more powerful starting materials

AG Haut / Haut Group

Meet the Group at our Posters!
