- *The Master's Thesis is to be written within six months after application and the date indicated in the acceptance letter of the examination board. Please submit the Master Thesis as a PDF file by email to the examination office.*
- *Topic, terms of references and scope of the Master's Thesis are to be limited, such that the Thesis can be finished on time to meet the deadline.*
- *The Master's Thesis is to be graded/reviewed by two examiners (supervisors). One examiner must be a member of the Institute of Chemistry and Biochemistry. The student has the right to propose two supervisors; however, there is no guarantee that the proposal will be approved. Generally, everyone authorized to examine can suggest the topic. By doing so, the supervisor commits to supervise the student's Master's Thesis. The topic of the Master Thesis can be withdrawn once within the first four weeks. In this case, it will not be regarded as an attempt to write the Thesis.*
- *The Master's Thesis can also be written off campus but needs the approval of the examination board. A separate form must than turned in beforehand to ensure the acceptance of the examination board.*
- **The oral presentation is held in front of two examiners, who should be identical to the examiners of the Master's Thesis.**
